01

INTRODUCTION

I am a passionate 2nd-year B. Tech student, interested in coding and problem-solving and technology. I want to develop myself in the software development and programming field to learn most of the things I have not come across this far. I enjoy collaborating with like-minded peers and contributing to innovative projects.

02

EDUCATION

Diploma in Computer Science Engineering

Siddaganga Polytechnic (2021 - 2024)

- Acquired a strong foundation in programming languages, data structures, algorithms & software development methodologies.
- **Percentage :** 98.46 %

Secondary School

QIS Public School (2014 - 2021)

- Developed analytical and mathematical skills, which fostered my interest in logical thinking. and coding.
- **Percentage :** 85.8 %

03

EXPERIENCE & INTERESTS

Experience/Projects

- Worked on small-scale projects in Python - "A mini-quiz application" and a "College Management System".
- Also worked on a AIML project - "Real-time Object detection with voice feedback"

Interested Areas

- Passionate about competitive programming, web development, and exploring deeper into AI & ML.
